### **PROPOSED RENEWAL OF SHAREHOLDERS' APPROVAL FOR THE PURCHASE OF UP TO 10% OF THE TOTAL NUMBER OF ISSUED SHARES OF THE COMPANY**

---

#### **1. INTRODUCTION**

It was announced on 14 April 2022 that the Company proposes to seek your approval for the Proposed Share Buy-Back at the forthcoming AGM.

The purpose of this Statement is to provide you with the details of the Proposed Share Buy-Back, to set out the Board's recommendation and to seek your approval for the ordinary resolution to be tabled at the forthcoming AGM.

**YOU ARE ADVISED TO READ THIS STATEMENT CAREFULLY BEFORE VOTING ON THE ORDINARY RESOLUTION PERTAINING TO THE PROPOSED SHARE BUY-BACK TO BE TABLED AT OUR FORTHCOMING AGM.**

## **2. DETAILS OF THE PROPOSED SHARE BUY-BACK**

### **2.1 Information on the Proposed Share Buy-Back**

The Board had at the previous AGM held on 18 June 2021 obtained its shareholders' approval for the purchase of up to 10% of the total number of issued Shares of the Company. In accordance with the Listing Requirements, the aforesaid approval will continue in force until the conclusion of the forthcoming AGM. The Board proposes to seek its shareholders' approval for a renewal of the authority for the Company to purchase its own Shares of an amount, which, when aggregated with the existing Treasury Shares, does not exceed 10% of the total number of issued Shares.

The approval from the shareholders of the Company for the Proposed Share Buy-Back shall be effective immediately upon the passing of the ordinary resolution and will continue in force until:-

- (a) the conclusion of the next AGM of the Company at which time it will lapse, unless the authority is renewed by a resolution passed at a general meeting, either unconditionally or subject to conditions;
- (b) the expiry of the period within which the next AGM is required by law to be held; or
- (c) revoked or varied by ordinary resolution passed by the shareholders in general meeting,

whichever occurs first.

The Shares will be purchased from the open market on Bursa Securities via its Automated Trading System and shall exclude any direct business transactions as defined in the Rules of Bursa Securities and shall be transacted through an appointed stockbroker.

Based on the share capital of the Company as at the LPD of RM142,188,000 comprising 361,742,241 Shares, the maximum number of Shares which may be purchased by the Company shall not exceed 36,174,224 Shares. As at the LPD, the number of Shares purchased by the Company and held as Treasury Shares is 29,321,700. As such, the balance of Shares that can be purchased by the Company is 6,852,524 Shares.

### **2.2 Source of Funds**

The maximum amount of funds to be allocated for the Proposed Share Buy-Back shall not exceed the retained earnings account of the Company. Based on the latest audited financial statements for the financial year ended 31 December 2021, the Company has retained earnings of RM20,798,000.

The funding for the Proposed Share Buy-Back will be sourced from internally generated funds and/or external borrowings. In the event the Company purchases its own Shares using external borrowings, the Board will ensure that the Company has sufficient funds to repay the external borrowings and the repayment will not have any material effect on the cash flow of the Company.

### **2.3 Treatment of the Purchased Shares**

In accordance with the Companies Act 2016, your Directors may deal with the Purchased Shares in either of the following manner:-

- (a) cancel the Purchased Shares; or
- (b) retain the Purchased Shares as Treasury Shares; or
- (c) retain part of the Purchased Shares as Treasury Shares and cancel the remainder.

In addition, the Companies Act 2016 also states that where such Purchased Shares are retained as Treasury Shares, your Directors may:-

- (i) distribute the shares as share dividends to shareholders;
- (ii) resell the shares in accordance with the relevant rules of Bursa Securities;
- (iii) transfer the shares for the purposes of or under an employees' share scheme;
- (iv) transfer the shares as purchase consideration; or
- (v) sell, transfer or otherwise use the shares for such other purposes as the Minister charged with the responsibility for companies may by order prescribe.

It is the present intention of your Directors to retain the Purchased Shares as Treasury Shares and subsequently resell them on Bursa Securities if the opportunity arises for the Company to realise gains from the resale.

While the Purchased Shares are held as Treasury Shares, the rights attached to them in relation to voting, dividends and participation in any other distributions or otherwise are suspended. Shares held in treasury shall not be taken into account in calculating the number or percentage of Shares or of a class of shares in the Company for any purposes including substantial shareholdings, takeovers, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote at a meeting.

### **2.4 Public Shareholding Spread**

As at the LPD, the public shareholding spread of the Company was 40.54%. In implementing the Proposed Share Buy-Back, the Company will ensure that the minimum public shareholding spread of 25% is complied with.

### **2.5 Regulatory Requirements**

Based on the Listing Requirements, the Proposed Share Buy-Back is subject to inter-alia, the following:-

- (a) the Company must ensure that it will not purchase its own shares which will result in its public shareholding spread falling below the minimum required level of 25%;
- (b) the purchase price of the Company's shares is not more than 15% above the weighted average market price of the Company's shares for the five market days immediately prior to the date of the purchase; and

- (c) the Company may only resell the Treasury Shares on Bursa Securities at:-
- (i) a price which is not less than the weighted average market price for the shares for the past five market days immediately before the resale; or
  - (ii) a discounted price of not more than 5% to the weighted average market price for the shares for the five market days immediately before the resale provided that:-
    - the resale takes place not earlier than thirty days from the date of purchase; and
    - the resale price is not less than the cost of purchase of the shares being resold.

Pursuant to the Companies Act 2016, the Company shall not purchase its own shares unless:-

- (a) the Company is solvent at the date of the purchase and will not become insolvent by incurring the debts involved in the obligation to pay for the shares so purchased;
- (b) the purchase is made through the stock exchange on which the shares of the Company are quoted and in accordance with the relevant rules of the stock exchange; and
- (c) the purchase is made in good faith and in the interests of the Company.

The Company satisfies the solvency test if the share buy-back would not result in the Company being insolvent and its capital being impaired at the date of the solvency statement and the Company will remain solvent after each buy-back during the period of six months after the date of the declaration of solvency.

## **2.6 Implication of the Code**

The provisions on mandatory takeovers under the Code may be triggered by the substantial shareholders together with persons acting in concert with them if the Shares purchased exceeds a certain level. In this regard, your Board will ensure that the purchase of the Company's Shares is carried out after taking into consideration the provisions of the Code.

## **3. RATIONALE FOR THE PROPOSED SHARE BUY-BACK**

The Proposed Share Buy-Back will provide an opportunity to the Company to purchase its own Shares when the market does not fully reflect the value of the Shares.

If the Purchased Shares are subsequently cancelled, the Proposed Share Buy-Back may strengthen the earnings per share of the Company. The Purchased Shares can also be held as Treasury Shares and resold on Bursa Securities at a higher price with the intention of realising a potential gain without affecting the share capital of the Company. Alternatively, the Treasury Shares may be distributed as share dividends to reward the shareholders of the Company.

## **4. DISADVANTAGES OF THE PROPOSED SHARE BUY-BACK**

The Proposed Share Buy-Back will reduce the financial resources of the Company which may result in the Company foregoing better investment opportunities that may emerge in the future and it may also result in the reduction of financial resources available for distribution to the shareholders of the Company in the immediate future.

## 5. FINANCIAL EFFECTS OF THE PROPOSED SHARE BUY-BACK

The financial effects of the Proposed Share Buy-Back on the total number of issued Shares, substantial shareholders' interests, Directors' interests, earnings, net assets and working capital are as follows:-

### 5.1 Share Capital

The effect of the Proposed Share Buy-Back on the total number of issued Shares of the Company will depend on whether the Purchased Shares are cancelled or retained as Treasury Shares.

Based on the Company's total number of issued Shares as at the LPD, the effect of the Proposed Share Buy-Back, assuming that the Purchased Shares are cancelled, are as follows:-

	No. of ordinary Shares
Total number of issued Shares	361,742,241*
Less:	
Maximum number of Shares that may be purchased pursuant to the Proposed Share Buy-Back	(36,174,224)
Resultant total number of issued Shares assuming cancellation of all Shares purchased	325,568,017

\* Inclusive of 29,321,700 Shares purchased by the Company and retained as Treasury Shares.

In the event that the Purchased Shares are retained as Treasury Shares, resold or distributed to shareholders, the Proposed Share Buy-Back will have no effect on the total number of issued Shares of the Company.

### 5.2 Substantial Shareholders' Interests

The effects of the Proposed Share Buy-Back on the interests of the substantial shareholders of the Company would depend on the number of Shares purchased. Assuming that the Company purchases 10% of the total number of issued Shares pursuant to the Proposed Share Buy-Back, and the Purchased Shares are subsequently cancelled, the effects of the Proposed Share Buy-Back on the interests of the substantial shareholders are as follows:-

	Shareholdings as at LPD				Shareholdings assuming the Proposed Share Buy-Back is effected in full

	Shareholdings as at LPD				Shareholdings assuming the Proposed Share Buy-Back is effected in full

\* Deemed interest by virtue of Section 8(4)(c) of the Companies Act 2016.

### 5.4 Earnings

The effects of the Proposed Share Buy-Back on the earnings of the Company would depend on the purchase price, the number of Shares purchased and the effective funding cost of the purchases. All things being equal, where the Purchased Shares are retained as Treasury Shares or cancelled, the earnings per share will increase due to lower number of Shares outstanding.

### 5.5 Net Assets

The net assets per share of the Company will be reduced if the purchase price exceeds the net assets per share at the time of purchase. Conversely, the net assets per share of the Company will increase if the purchase price is less than the net assets per share at the time of purchase.

### 5.6 Working Capital

The Proposed Share Buy-Back will reduce the working capital and cash flow of the Group, the quantum of which depends on the purchase price and number of Shares purchased.

## 6. SHARE PRICE PERFORMANCE
